

# Agro-Combo

## 3-0-0 with micronutrients

### MICRONUTRIENT COMPLEX

#### description

■ **Agro-Combo** is a liquid nutrient well-balanced in nitrogen, magnesium and micronutrients and easily assimilable in order to rectify and prevent deficiencies with foliar applications. It is formulated with organic acids to optimize leaf absorption and mobility of nutritional elements in the plant. The synergy between the eight (8) elements activates many vital processes as well as the crop's yield inducing factors (cellular division, photosynthesis, flowering, sugar synthesis and transport, hormone and protein synthesis, etc.). It can be used based on soil and tissue analyses or as soon as deficiency symptoms appear. For more information on **Agro-Combo**, consult your agricultural representative.

#### agronomic benefits

- Prevents and rectifies many deficiencies
- Broad spectrum of effectiveness on every crop and every type of soil
- Better use of nutritional elements
- Resistance against stresses
- Yield optimization

density **1.243 kg/L**

**Apply at suggested rates.**

#### Guaranteed minimum analysis

|                      |      |                          |      |
|----------------------|------|--------------------------|------|
| Total nitrogen (N)   | 3%   | Iron (Fe) (actual)       | 0.6% |
| Magnesium (Mg)       | 1.2% | Manganese (Mn) (actual)  | 1.2% |
| Sulphur (S) (actual) | 1.0% | Molybdenum (Mo) (actual) | 0.6% |
| Boron (B) (actual)   | 0.6% | Zinc (Zn) (actual)       | 1.2% |

#### Crops

| Rate us gallon/acre | Rate L/ha | Crops       | Application timing and remarks |         |  |
|---------------------|-----------|-------------|--------------------------------|---------|--|
|                     |           | All         | 2-4                            | 0.2-0.4 | During periods of rapid growth. Apply before deficiency symptoms appear. Water volume: at least 200 L/ha (21.5 gallons/acre).  |
|                     |           | Fruit trees | 2-4                            | 0.2-0.4 | As soon as leafage coverage is sufficient. Water volume: at least 600 L/ha (65 gallons/acre). Do not use this product when fruit coloration and maturity may be delayed by nitrogen application. |

**Mixing and application.** Shake well before using. Fill the tank three quarters full. Start agitation and add product. Clean the empty containers and add the rinsing water to the tank. Add the rest of the water and apply without delay. For best results, apply early in the morning or late in the evening. Do not apply when outside temperature is too high otherwise culture may be damaged.

**Compatibility.** This product is compatible with most pesticides and liquid fertilizers except calcium. Check compatibility before mixing in application tank or check with your distributor. **Check compatibility as follow.** In a clean, transparent jar, add the water and other products, one by one in the same proportion as proposed application. Agitate gently. Let the jar sit for 30 minutes. Incompatible products will form flakes, sludge, gels or other precipitates. Separation or layering may appear. Do not apply in case of incompatibility.

**Storage and disposal.** Avoid freezing. Do not pile up more than three containers. **Keep out of the reach of children and pets.** Keep container tightly closed in a well-ventilated area. Do not apply directly to water streams and ponds. Do not contaminate water by rinsing equipment or by waste disposal.

**Safety.** Always wear gloves and safety glasses when handling the concentrated product. **In case of contact with eyes,** flush with plenty of water. Seek medical assistance. **In case of contact with skin,** wash with clean water. **In case of ingestion, if victim is conscious,** give two glasses of water and induce vomiting. Seek medical assistance.

**Caution.** This product contains zinc, iron, manganese, boron, molybdenum and copper and should be used as stated by this label. It may prove harmful when misused. May damage fertility or the unborn child.

**Guaranty.** The vendor's liability will be limited to the terms of this label. The buyer will then be responsible for all risks and damages to persons or properties resulting from the use of this product, and hereby accepts these conditions.
